At our Club lunch meeting on September 2, we had a presentation from Lori Prescott, Executive Director of *Family Promise* of Washington County. *Family Promise* is a community response for preventing individuals & families from becoming homeless. Its mission is “to help families experiencing homelessness and low-income families achieve sustainable independence through a community-based response.” *Family Promise* is there when a family’s homelessness is imminent, and it works to avoid the trauma of a family losing their housing. It works to keep families together, safe, and sheltered. A *Family Promise* motto is: Transforming the lives of families experiencing homelessness. Because every child deserves a home.

Memorial Tree Grove

for

Margie Buntrock

Our 1997-98 Club President, Margie Buntrock, passed away this past June. To honor her according to her wishes, many of our Club members have donated to the purchase of a memorial planting of a grove of trees.

October is GERMAN AMERICAN HERITAGE MONTH

President Ronald Reagan issued the first proclamation in October of 1987 promoting October as "German American Heritage Month." When the calendar turns to October, German Americans go into full swing with festivals and celebrations like Oktoberfest. Celebrate by attending a festival and enjoy some authentic German beer and foods.

Our Board of Directors has approved a donation of \$200 to help with the construction of an *All Abilities Playground* at West Bend's *Ridge Run Park*.

An All Abilities playground is designed to provide full access and participation to children of all different ability levels. The ground is made up of materials that allow wheelchair mobility as opposed to sand, wood chips, or gravel that would impede it. The playground equipment and objects have features that make them suitable for children with disabilities. The all abilities setups also have areas for children who either physically or emotionally need to have a place to rest and have quiet time .

This was done through Philips Funeral Home's partner, *The American Forests Organization*, which will coordinate the planting of the trees we've purchased with one of their *ReLeaf* restoration projects. Twice a year, they plant native trees in an area that needs the most help with restoration efforts. Once the trees have been planted, they will send us info with the planting location and more details about the project our donated trees supported.

Something to Think About

Lech Walesa Quotes

- I'm lazy. But it's the lazy people who invented the wheel and the bicycle because they didn't like walking or carrying things.
- The thing that lies at the foundation of positive change, the way I see it, is service to a fellow human being.
- We hold our heads high, despite the price we have paid, because freedom is priceless.

THE WRITERS' CORNER

The Legend of Sleepy Hollow

By a shacknofsky

Based on the story by Washington Irving

If you ever visit New York
there's a warning you should know,
beware of Sleepy Hollow
it's a place where you dare not go.

For there is an age old story
that the villagers believe is true,
about a ghastly specter
who'll prey on the likes of you.

Buried in the ancient churchyard
is a trooper without a head,
and in the gloomy moonlight
he rises from the dead.

Known as the Headless Horseman
he rides the road at night,
forever searching for his head,
he's such an eerie sight.

They tell of a gangling teacher
who courted a winsome miss.
a wealthy farmer's daughter
who promised a life of bliss.

But she had another suitor,
a formidable young man,
who vied with the crafty Ichabod
for the lovely maiden's hand.

Rebuffed by his intended
Ichabod was riding home,
through the vastly darkened woods
all fearful and alone

When suddenly a rider came,
Ichabod's eyes grew wide with fear,
it was the Headless Horseman
and he was drawing near.

Faster and faster through the trees
he chased poor Ichabod Crane,
who fled the village that same night
and was never seen there again.
